# App Smashing in Elementary School

— <http://goo.gl/5AA8Cw> —

---

---

# Apps Needed Today:

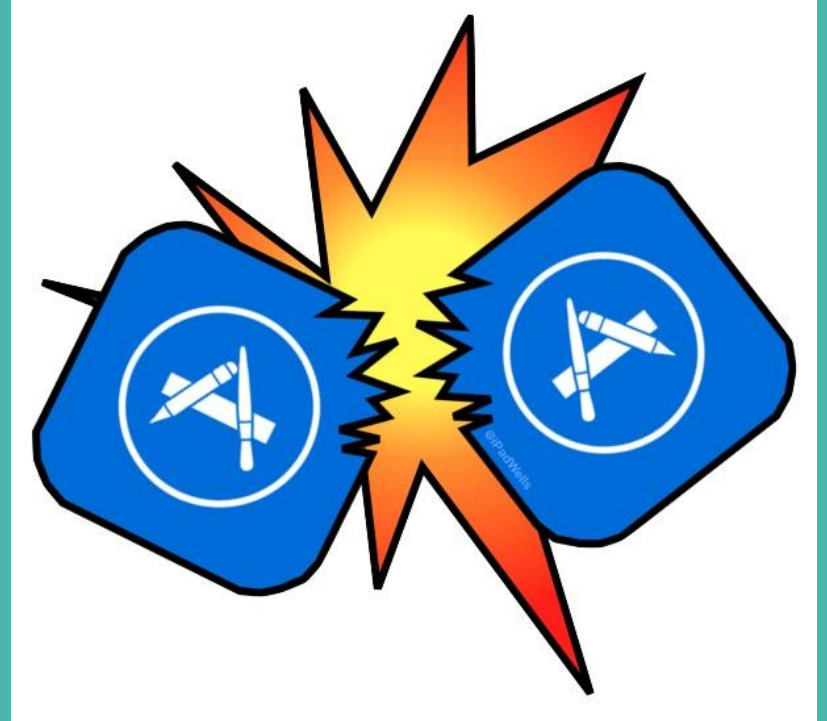

- Pic Collage
- Chatterpix Kids
- Google Earth
- Tellagami

# What Is App Smashing?

The process of using multiple apps in conjunction with one another to complete a final task or project.

-Greg Kulowiec

# Why Use App Smashing?

- Expand creativity
- Give students more choices to show learning
- Get content off the iPad to share with others

# Favorite Apps to Smash

- Chatterpix Kids
- iMovie
- Pic Collage
- Qrafter
- Google Earth
- Shadow Puppet Edu
- Strip Designer
- Tellagami
- Thinglink

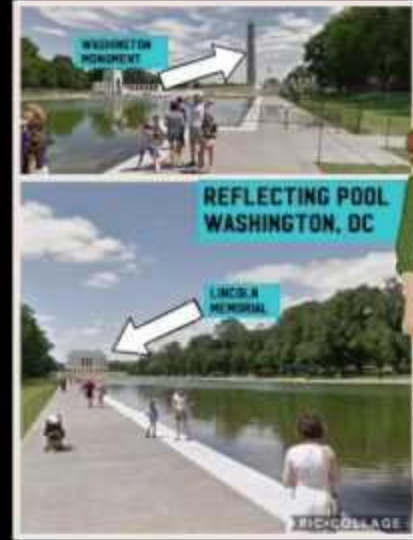

# Smash 2 Apps

- Use Pic Collage to create a poster with a text box of something you learned today and a picture to go with it.
- Import your Pic Collage into Chatterpix and record your voice reading the text.

# Smash 3 Apps

- Use Google Earth to take a screen shot or two of a location.
- Import your screen shot photo(s) into Pic Collage, label, and save to the library.
- Use that as your background in Tellagami and record narration.
